

Pratter Report

The Ultimate in Medical Cost Transparency

We Name Names and Show the Real Prices Paid

Are you tired of blindly paying more for healthcare each year? Are you committed to unleashing the tremendous pent-up value of your health plan's claims data to save money on outpatient care? If you answered "Yes", then the Pratter Report is right for you!

In your Report you'll see for the first time what's really going on with your health plan spend. We name names and show real prices paid for every outpatient care item.

- Identify and quantify your top cost drivers at a glance
- See who your higher-cost and lower-cost providers are for each care item
- See wasteful spending patterns by plan members for each provider and care item

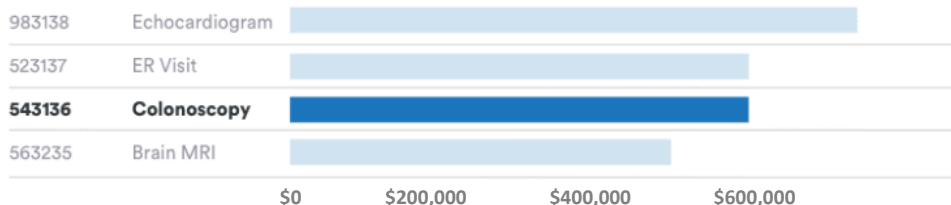

Instant insight and clear answers to "Okay, now what?"

Your Pratter Report creates an "aha!" moment in just seconds:

- Gain actionable insight on how to save 20 - 30% on routine outpatient care without changing carrier/network or benefits
- Create plan-sponsor level strategies to save money without the need for plan member participation

Let's get started! Contact info@healthPERX.com to initiate your Pratter Report.

Top 30 Procedures by Total Cost for ABC Company

Facility Detailed for Colonoscopy

Claim Allowable is the cost of a single procedure for the CPT code at the facility. Number of Claims is the sum of claims for the chosen CPT code at the facility

| Facility Name Revised | Claim Allowable | Number of Claims | National Average Payment |
|-----------------------|-----------------|------------------|--------------------------|
| Hospital One | \$4,087 | 1 | \$1,200 |
| Hospital Two | \$2,580 | 2 | \$1,200 |
| Hospital Three | \$2,403 | 6 | \$1,200 |
| Hospital Four | \$1,871 | 1 | \$1,200 |
| Surgery Center One | \$1,274 | 1 | \$1,200 |

No plan should accept this.
Average claim paid: \$2,437
